

# ★ LINKEDIN HEADLINE GENERATOR

*Plug-and-play formulas to help you create a confident, recruiter-friendly headline that aligns with your target roles.*

Your LinkedIn headline is the #1 reason recruiters either find you... or scroll right past you.

Most jobseekers are invisible because their headline is:

- ✗ Too vague
- ✗ Too generic
- ✗ Not aligned with their target roles

This guide gives you **5 plug-and-play headline formulas** you can use immediately — without ever calling yourself “aspiring.”

If you’re pivoting, transitioning, or entering a new lane...  
You don’t need to “aspire.”  
You need to **claim it**.

## **PRO TIP: Let AI Generate Your Headline For You**

Once you choose a formula, you can **upload your résumé** to any AI tool (Copilot, Claude, ChatGPT, etc.) and paste this prompt:

**“Using the formula below, create a LinkedIn headline aligned with my target roles.  
Formula: [paste your chosen formula here]  
Here is my résumé:”**

AI will generate multiple headline options instantly — and you can choose the one that feels most aligned.

This is a fast, easy way to get a polished headline without overthinking it.
